Substack is the home for great culture

· Majority Leader Senator Chuck Schumer, Minority leader Senator Mitch McConnell

· Secretary of State, Anthony Blinken

· Secretary of Defense, Lloyd Austin

· Chairman Of the Joint Chief of Staff, Mark Milley

· US Special Operations Command, General Bryan P. Fenton

We hereby direct that:

· The SECSTATE declares the Cartels an international threa and a terrorist organization[1],

· That Congress declare war on the Mexican drug cartels,

· The Department of Defense and the US Special Operations Command develop and conduct necessary Intelligence and Combat operations to remove the Cartels.

The unfortunate lack of acknowledgment and actions by the Biden administration of the ongoing murder and slaughter of Americans b the Mexican drug cartels suggests that the Secretaries of State a Defense will not act. Therefore, we are sending this directive directly and asking citizens of America to do the same, to the Speaker of the House, given that the Constitution grants Congress the sole power to declare war. We ask Speaker McCarthy to convey this directive to Congressional leadership, the White House, the Secretary of State and Defense, the Joint Chiefs of Staff Chairma and the Commanding General of SOCOM to fulfill this directive.

Intelligence Analysis: The cartels in Mexico now control the US Southern Border and the government of Mexico and are responsible

for supporting the invasion of illegal border groups and individuals across the Southern border. They are also responsible for the drug trafficking of illegal drugs responsible for the killing of thousands of American citizens. The Cartels are concurrently involved in drug, terrorist trafficking, and human smuggling operations. Drug cartels in Mexico are mass-producing fentanyl and methamphetamine sourced from chemicals in China, distributing these substances throughout the United States. We fi these deadly drugs in every state, in cities, suburbs, rural area and local communities spanning the country.

110,000 Americans plus Murdered: The Citizens Commission to Resto America acknowledges that the Mexican Cartels now control the southern border of the United States as they conduct a murderous drug war against our citizens. They are also active in Canada alo our northern border. The number of Americans murdered at a rate t last year exceeding 110,000 – a number greater than our military who were killed during World War II. This is unacceptable to all Americans. The Cartels must be stopped to cease this slaughter.

We can no longer play defense on the US side of the Border: The Cartels have created a war zone within Mexico against the Mexican government and a launch base to conduct operations against Americ Thousands of innocent Mexicans have been tortured and murdered.

Time to play Offense, neutralize the Cartels, and take them out o business. The stakes are too high, with the cartels controlling t entire Southern Border without repercussion. We now know through intelligence reports that the Cartels are a militarized force composed of the various Cartel members in the Sinaloa triangle. They possess state-of-the-art weapons, weapon systems, drones, an communication/IT equipment surpassing the Mexican military and ou Border patrols, ICE agents, and National Guard.

To aid in this effort, the CCRA proposes the following Operations Plan:

> · The US Special Operations Command (SOCOM) develop a joint operations War Plan to conduct search and destroy operations against the Cartels in the Sinaloa area of Mexico a other areas where Cartel members are located.
>
> · Build a Task Force organization of air, naval, space, and ground forces to accomplish the mission.
>
> · Declare a twenty-kilometer “no-go zone” on the Mexica side of the southern Border.
>
> · Designate the Armored-Infantry Forces located at Ft. Hood, Texas, to conduct any necessary ground operations in conjunction with the attack on Cartel Forces in the Sinaloa Triangle area of Mexico and within the “No Go” zone.
>
> · Designate four sectors (1,2,3 & 4) south of the bordering in the “no go” zones that align with the border stat of Texas, New Mexico, Arizona, and California.
>
> · State National Guard and Reserve Forces to be mobiliz and employed as required.
>
> · Coordinate and employ trusted Mexican Special Operati Forces and the Mexican Marinas.
>
> · Civil-Military Affairs and Psychological Operations (PsyOps) forces utilized as necessary in the operational and recovery zones.
>
> · US Treasury will be responsible for shutting down the financial operation of the Cartels on a worldwide basis and

> recovering all illegal fund assets.
>
> · Assist the Mexican government in recovering its governance and control.
